

ILLINOIS PRIVATE SEWAGE DISPOSAL LICENSING ACT AND CODE

225 ILCS 225/4

- (a) After January 1, 1974, no person or private sewage disposal system contractor may construct, install, modify, repair, maintain, or service a private sewage disposal system or transport and dispose of waste removed therefrom, in such a manner that does not comply with the requirements of this Act and private sewage disposal code promulgated hereunder by the Department. A person who owns and occupies a single family dwelling and who constructs, installs, maintains, services or cleans the private sewage disposal which serves his single family residence shall not be required to be licensed under this Act, however, such person shall comply with all other provisions of this Act and the private sewage disposal code promulgated hereunder by the Department.

Any person who constructs, install repairs, modifies, or maintains a private sewage disposal system, other than a system which serves his own single family residence, shall be licensed by the Department as a Private Sewage System Installation Contractor and any person who cleans or pumps waste from a private sewage disposal system, other than a system which serves his own single family residence, or hauls or disposals of wastes removed therefrom shall be licensed by the Department as a Private Sewage Disposal System Pumping Contractor in accordance with this Act.

- (b) No new private sewage disposal system shall be installed by any person until drawings, specifications and other information requested by the Department are submitted to and reviewed by the Department and found to comply with the private sewage disposal code, and until approval for the installation of such system is issued by the Department.
